About A.L.L. for Kids

- ▶ We focus on the whole child. We enhance our students' experiences through activities, which have included visits from Sparky, the NY Islanders mascot, puppet shows, and magicians.
- ▶ A.L.L. for Kids is a program designed for the developmentally typical child with the extra benefits of being in a school with highly qualified staff with a rich knowledge of both typical and atypical early childhood development.
- ▶ We incorporate state of the art technology to enhance classroom instruction to increase student learning. Promethean boards and iPads are used by teachers to extend learning beyond the classroom, and increase student achievement and digital literacy.

About Tiegerman

Tiegerman (formerly known as SLCD) opened in 1985 as one of the first programs of its kind in New York State, providing intensive language immersion and educational programming for preschool students. Tiegerman has expanded to serve students in grades K-12 from Long Island and New York City and remains one of the few specialized schools in the nation for children with language and autism spectrum disorders.

Education Standard

In order to ensure that our preschool students are engaged in meaningful and appropriate learning activities that will prepare them for their elementary academic experiences, our curriculum and instruction are aligned with the New York State Prekindergarten learning standards. These learning standards help teachers to identify the knowledge and skills that students are expected to attain by the end of preschool.

Excellence

With a thorough understanding of expected learning outcomes, our teachers are able to design rich, challenging activities which generate a love of learning and prepare our children for their later academic years. All lessons and activities are theme-based and designed to develop critical language and academic skills.

A.L.L. for Kids Teachers

We look forward to meeting you and your child and being a part of this important time in your child's life.

LEARNING COMES FROM INVOLVEMENT FROM FRIENDS, TEACHERS & ENVIRONMENT

Learning Comes From Involvement

We are thrilled when families are active in our Grandparents/ Special Friends Day, book fair and our many performances throughout the course of the year. All parents are encouraged to join the Parent Teacher Friends Association (PTFA).

Education Process & Quality

The Whole Child

The bedrock of educating all children is proficiency and competence in understanding the whole child as he or she grows physically, emotionally, socially, and cognitively.

Leader in Education

Tiegerman has been a leader in education for over 30 years researching, refining and understanding best practice in early education. This expertise has been applied in our A.L.L. for Kids Preschool / Child Care program.

Inclusion Classroom Setting

Children get all the benefits of a typical program and so much more! During the course of the day the program is an integrated preschool setting providing an opportunity for social, emotional and language and literacy development.

Educational Games

Students participate in a variety of enrichment instruction throughout the school day, such as computer instruction, library, music, gym and art.
