

# TIEGERMAN SCHOOL AT WOODSIDE NEWSLETTER

This month, our Social Studies teacher, Mrs. Golliver, in collaboration with COSA, organized a mock election for our students. They had the opportunity to step into private voting booths and cast their votes for the 47th President of the United States. This initiative aimed to give students a hands-on experience with voting while emphasizing its importance in a democratic society.

In addition, our 11th and 12th graders participated in the school's first-ever Student Body Council elections. Students were encouraged to sign up and run for positions such as President, Vice President, and Secretary. Campaign teams of three competed against one another, debating and presenting their ideas for positive changes they hope to implement for future Tiegerman students.

The candidates addressed the student body during an engaging assembly, sharing their platforms and vision. Afterward, students were called to the voting booths to elect their representatives for the 2024–2025 school year.

This experience has not only enhanced students' understanding of the electoral process but also fostered leadership, teamwork, and civic engagement among our future leaders.
