

It's hard to believe we are more than halfway through the school year. We are so proud of our students' growth, hard work, and enthusiasm for learning. Our students have been thriving in and out of the classroom, from academic milestones to taking part in creative projects, as well as having opportunities to go on various field trips.

In November our students had the opportunity to visit the Cradle of Aviation. The emphasis is on science, technology, engineering, and math. Students also learned about aviation history, astronomy, and earth physics. Some of our students also had the opportunity to visit the Museum of Moving Image. Here, students learn about how moving images are made, marketed, and shown while discovering the many careers open to them in the moving image industries.

Right before the break, our families were treated to a Rocking Winter Concert. Our students showcased their amazing talents by singing, dancing, and playing instruments. We understand how important the arts are for fostering creativity, self-expression, and critical thinking. Our students develop cultural awareness and emotional intelligence while enhancing their overall academic and personal growth.

In February, we celebrated Black History Month, which ended in a presentation that every single student at the middle school took part in. Our students were able to acknowledge the contributions, struggles, and achievements of Black individuals throughout history. Students recognized achievements, educated and raised awareness, acknowledged past struggles, and encouraged unity through their interactive presentations.

Important Laws

Enforcement Act- The law passed in 1870-1871. It prohibit the use of force to prevent people from voting, granted federal oversight of local elections, and made tactics used by the KKK illegal federal offenses.

Act Creating an Electoral Commission- It was passed on January 29, 1877. It regulates the counting votes for the presidents and vice presidents.

The Compromise of 1877- It was an agreement between southern Democrats and allies of the Republican Rutherford Hayes to settle the result of the 1876 presidential election and marked the end of the Reconstruction.

"THE TIME IS ALWAYS RIGHT TO DO WHAT IS RIGHT."

MARTIN LUTHER KING JR.

This year is the 40th anniversary of Tiegerman. We have been celebrating with monthly activities to commemorate this momentous occasion. Some of the highlighted activities include designing a 40th mural in the cafeteria, creating a 40th poster of our favorite memories at Tiegerman, and saying "Cheers to 40 Years" with a fun social.

Supportive and Nurturing Staff ♥ All the Fun Events
 Students are Nice ♥ C.O.S.A. Lunches ♥ Student Council
