ASchoenbrot@tiegerman.org

- Our school social worker is **Alegra Schoenbrot**
- The school social worker should be your direct line of communication if you need to speak to someone during the school day
- The social worker schedules team meetings between parents and providers, organizes/runs transdisciplinary meetings and follow-ups with parents regarding school matters
- The social worker provides counseling services to students who receive this service on their IEP

Related Services

- We have two speech therapy rooms, one OT room and one OT/PT therapy gym in the building
- Therapy is IEP-driven (i.e., providers must follow the frequency/group mandate and goals written on each child's IEP)
- Your child's therapists will introduce themselves via a welcome letter at the beginning of the regular school year, and will share their direct contact information
- Therapists will reach out at least one time per week (i.e., phone call, Class Dojo message, e-mail, written note, student work)

Health Office

- All students are required to have an annual NYC Medical/Physical Form on file (i.e., signed, completed in its entirety, stamped)
- All students are required to have the flu shot annually by December 31st and provide documentation to the school (i.e., DOH requirement)
- The school cannot give your child any medicine or ointment (i.e., sunscreen, Vaseline) without an authorization form filled out/signed by you and your child's doctor
 - Authorized medicine is stored in the Health Office (it must be in its original packaging and have its description label)
- If a student becomes ill, they cannot return to school unless they are 24 hour fever-free (without fever-reducing medication); a clearance note is required if the child has COVID, the flu or strep (or any other contagious illness) / Notifications are sent out to the whole class when a child tests positive for a contagious illness
- All parents must have a plan in place in case their child gets sick at school and needs to be picked up (i.e., Emergency Phone List)

Health Office (Continued)

- Tiegerman has a nurse supervisor and a physician on call every day (if needed)
- We have a school nurse in the building 5 days per week (Our Health Office is on the 1st floor)

Avrohom Fordonski

afordonski@tiegerman.org, x1400

- If your child is seen in the Health Office for an injury or well visit, you will be notified via a written note or a phone call
- A Medical Alert List is posted in every room of the school indicating student allergies or medical concerns
- We need a new OT/PT prescription on file every year!

Attendance

- Attendance is key! If children do not come to school, progress is limited.
- Inconsistent attendance leads to negative student outcomes (i.e., difficulties with transitions, new behaviors, emotional irregularities).
- If your child is going to be absent from school, please notify the school nurse (x1400) or front desk (x1455) by 8 am that day. If we do not hear from you, we will call you that morning to follow-up.
- We encourage absence excuse notes if your child is out due to an appointment.
- Attendance numbers are shared with school districts.
- If a child is out for 5 consecutive school days, an RDNA form or written note is sent to his/her CPSE administrator.

Parent Communication

- Class Dojo, an app that you can download on your phone, is used by every provider in the school
 - School notices and reminders are posted by Administration and support staff
 - The classroom teacher will post pictures, along with lesson descriptions (you can like or comment!)
 - You can direct message teachers, therapists, Administration and support staff
- 5 quarterly progress reports per year
- 2 formal parent/teacher conferences per year
- 1 annual review meeting with your CPSE (narrative reports and formal testing from every provider)
- Monthly parent trainings are conducted on Zoom (i.e., presentations are recorded and posted on our school website; resources are e-mailed and posted on Class Dojo)
- Monthly PTFA Meetings
